

## **APS Weather Closures or Delays**

When inclement weather hits our city, APS staff members assess conditions beginning just after midnight to determine how the weather will impact the school day. Should we need to close schools or delay the start of the school day, Superintendent Rico Munn and staff will make the decision as early as possible.

Once a decision is made, information about the decision is shared as soon as possible with all media and posted on the APS website, APS mobile app, Facebook, and Twitter. The closure or delay notice is also recorded on the APS Emergency Line at 303-326-1080 and sent to parent phones using our automated calling system.

Should APS staff make the decision to delay school, the school day would begin one hour later than normal. Staff members are expected to arrive at school as close to their regular start time as is safely possible as some students will arrive on time.

APS buses will pick up students one hour later than normal. Our top priority is to keep students and staff as safe as possible.

***Please note: A delayed start does not change regular pick-up times at the end of the school day.***
